Forecast For Wales
Issued by Met Office Exeter
at 0400 on Friday 26 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with plenty of sunshine. Frost and fog forming overnight.

Today:
Any fog patches may linger into the morning, but eventually clear to leave a fine day with plenty of sunshine. Some patchy cloud developing in the afternoon but remaining dry. Mild with light winds. Maximum temperature 12 deg C (54 deg F).

Tonight:
A dry night with plenty of clear skies and light winds. Overnight frost and fog patches likely to develop and feeling cold. Minimum temperature -2 deg C (28 deg F).

Saturday:
Any early fog patches will soon clear to leave a dry day with sunny spells. Turning cloudier in the north during the afternoon with the odd light shower. Feeling mild. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Dry throughout the period with patchy cloud with plenty of sunny spells. Light winds with overnight frosts and fog patches likely to develop. Remaining mild by day.
